Answers

Kepler, a Non-Governmental Organization (NGO), started operating in Rwanda in 2013 under Generation Rwanda's attributions. Now, it is legally registered in Rwanda and Kepler College is the higher learning institution registered and accredited in Rwanda which is operating under Kepler.

Kepler College has various programs: (1) **"Kepler College - SNHU program"** by which it offers an elite credential to its graduates through a close partnership with Southern New Hampshire University's innovative College for America program. (2) **Higher Education Council (HEC) accredited degrees**: Currently, Kepler College has only two HEC Rwanda accreditted degrees which are the **Bachelor of Arts in Project Management** and the **Bachelor of Science in Business Analytics**.

The admission requirements vary depending on the program you are interested in. For Kepler College-Southern New Hampshire University (SNHU) degrees, refer to the Kepler website. For HEC-accredited degrees (Bachelor of Arts in Project Management and Bachelor of Science in Business Analytics), refer to the Kepler College website/apply tab.

The application link is always on our website whenever it is open, you get notified is you have subscribed. For Kepler College-Southern New Hampshire University (SNHU) degrees, refer to the Kepler website. For HEC-accredited degrees (Bachelor of Arts in Project Management and Bachelor of Science in Business Analytics), refer to the Kepler College website/apply tab.

Yes, it is possible to get more information about the application. If you are interested, you can do any of the following to learn more about Kepler College degree programs:

1) Visit Kepler and/or Kepler College websites
2) Contact the admission team at admissions@keplercollege.ac.rw and/or +250789773042
3) Contact the Kepler College reception desk at info@kepler.org, info@keplercollege.ac.rw, +250782637318
4) Visit Kepler College Campus located in Gasabo District, Kinyinya Sector at KG 29 Ave 16.

Kepler College is committed to providing equal opportunities for all applicants, regardless of cultural background, race, ethnicity, age, gender, nationality, or other personal characteristics. We welcome international applicants and ensure that all qualified candidates are given an equal chance for admission, based solely on their ability to meet our admission requirements. At Kepler College, diversity and inclusion are core values that enrich our learning environment and foster a vibrant, global community.

No, you cannot be able to apply when you do not have either high school certificate or result slip becuase it is among the application and admission requirements in general. All degree programs that are offered at Kepler College lasts for three academic years (3 years).

You can do either of the following to receive support during your application process:

1) Contact the admission team at admissions@keplercollege.ac.rw and/or +250789773042
2) Contact the Kepler College reception desk at info@kepler.org, info@keplercollege.ac.rw, +250782637318
3) Visit Kepler College Campus located in Gasabo District, Kinyinya Sector at KG 29 Ave 16.

After submitting your application, you will receive a confirmation notice indicating that your application has been sent to the Kepler College Admissions Office for review. During the application review process, you may receive a phone call and/or email requesting additional information to support your application. Otherwise, official communication regarding the next steps will be sent via email, with reminders sent via SMS.

If you meet the admission requirements, you will receive an email from admissions@keplercollege.ac.rw with details about the next steps.

Kepler College is located in Kigali city, Gasabo district and Kinyinya sector (KG 29 Ave 16)

Yes, you can visit us at the campus and get more information regarding the application process. Kepler College is located in Kigali city, Gasabo district and Kinyinya sector (KG 29 Ave 16)

Admissions are conducted separately for each of our three programs, with one intake per program each year. Admission timelines may vary, so please check our website for the specific timeline of the program you wish to join.

Applications to Kepler College are submitted online through the official website. Applicants need to create an account, complete the application form, and upload required documents, such as academic transcripts and certificates. Click the 'Apply' button on our website to access the application form.

Applicants need to submit copies of their high school certificates, transcripts, national ID or passport, and A'level reports cards or equivalence

The application deadlines vary depending on the intake period. It is important to check the website or contact the admissions office for the most accurate and up-to-date deadlines.

The selection process includes an initial screening of submitted documents, followed by an entrance exam or interview to assess the applicant's academic potential and fit for the program.

The admission process typically takes a few weeks after the application deadline, including document review, interviews, and final decision notifications.

Kepler College offers programs in various fields, including Business Administration, Communication, Project Management, and Business Analytics. Full details of the programs are available on the website.

To enroll in either program, applicants must have completed secondary education and posses a high school diploma with at least two principle passes. Additionally, a strong academic record, proficiency in English, and basic knowledge in mathematics or related subjects are required. Note that for Business Analytics program, a foundational understanding of statistics or computing may be beneficial.

Yes, Kepler requires applicants to complete an entrance assessment as part of the admission process. This typically includes evaluating the applicants' English proficiency and critical thinking or cognitive skills. However the nature of the assessment may vary from year to year.

You can apply online through Kepler College's admissions prtal by filling out the application form. Ensure to upload necessary documents sucha as your academic certificates, a copy of your ID, and high school report as per required in the form. Yes, an application fee is required as part of the registration process. Be sure to check the most recent fee structure on the Keple

No, applicants are encouraged to apply for one program at a time.
No, there is no age limit. Both younger and mature students are welcome to apply, as long as they meet the academic and language requirements.
Work experience is not a mandatory requirement for either program, although it may be beneficial, especially for the Project Management program. Some applicants may have the opportunity to provide professional references.
Kepler College does not offer flexible learning schedules in terms of part time or distance learning. Neverthless, all content is uploaded on our LMS for the students to get access lessons everywhere at anytime.
All courses are taught in English, so a good command of the language is required for success in the program.
Kepler used to offer scholarships and financial aid options for students who qualify. However, currently there is no financial aid as per the information highlighted on the website. Prospective students are encouraged to inquire about available opportunities during the admission process.

Yes, international students are eligible to apply for financial aid, but the availability of these funds may differ based on the country of origin, program, and financial need.
After completing the application process, including any assessments and interviews, you will receive a formal notification via email if you are accepted. Kepler will provide specific details about the next steps and any requirements for finalizing your admission.
Once you receive your acceptance letter, you will be required to confirm your intention to enroll by a specified deadline. You may also be asked to submit additional documents, complete registration forms, and finalize your financial aid package (if applicable)
Yes, students may request to defer their admission for one academic year. However, deferral requests are considered on a case by case basis, and approval is not guaranteed.
If your application is rejected, you will receive a notification from the admissions team. You may be given feedback on areas for improvement, and you can reapply during the next admission cycle.
Kepler offers a range of support services for new students, including academic advising, career counseling, mentorship programs, and student orientation sessions to help students adjust to college life and their coursework.
Graduates of the Project Management program can pursue various roles such as Project Manager, Program Coordinator, Operations Manager, or Project Analyst in industries like construction, IT, healthcare, marketing, and finance.
Business Analytics graduates can find career opportunities in data analysis, business intelligence, market research, financial analysis, and consulting. Common job titles include Data Analyst, Business Analyst, Financial Analyst, and Market Research Analyst.
Yes, Upon successful completion of the Project Management or Business Analytics programs, you will receive a formal certification that can boost your qualifications in the job market.

The Project Management curriculum at Kepler includes foundational courses in project planning, risk management, budgeting, stakeholder communication, and the use of project management tools like Microsoft Project or other software. The program also includes practical experience through case studies and real world projects.

Yes, after the initial assessment, shortlisted applicants are invited for an interview. This is an important step in the admissions process and helps the admissions team assess the applicant's communication skills, motivation, and suitability for the program.

The medium of instruction at Kepler is English. All courses, materials, and communications are conducted in English, so fluency in the language is necessary for success.

Yes, Kepler accepts mature students who may have been out of school for a period. All needed is to meet the general admission criteria, and their applications will be considered.

The duration of the degree programs at Kepler depends on the specific program and the student's pace of study in the SNHU program. For the Business analytics and Project management the duration is 3 years.
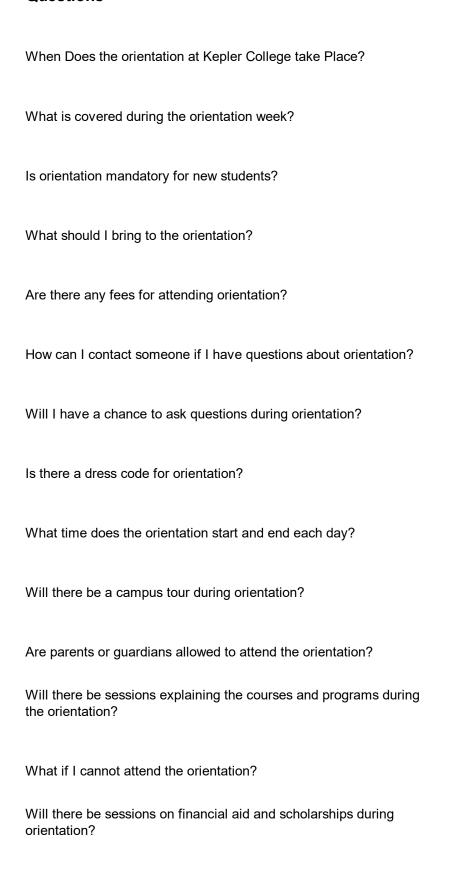

Kepler provides leadership development programs, entrepreneurship training, community service projects, and networking opportunities. These activities help students develop professional skills and personal growth outside of the classroom.

Assessment at Kepler includes a mix of exams, coursework, grooup projects, presentations, and practical assignments. Students are evaluated continuously to ensure they meet academic standards and develop the necessary skills for their chosen field.

No, students cannot work while studying because we need them to stay on track. This applies much on two programs, Business analytics and Project Management. However, for students in SNHU can find job opportunities as long as stay on track of their academic journey.

While there is no strict uniform requirement, students are expected to dress appropriately and professionally, especially furing formal events or interactions with extenral partners.

If a student is struggling academically, Kepler offers academic support services, including tutoring, study groups, and one on one mentoring. Early intervention is encouraged to help students stay on track with their coursework.

Questions

When Does the orientation at Kepler College take Place?

What is covered during the orientation week?

How will orientation address the college's policies and student code of conduct?

How will orientation introduce me to the academic expectations at Kepler College?

Will I learn about internship and career opportunities during orientation

Answers

The orientation typically takes place one week before the start of the semester. It lasts for five days(a week) and includes a range of sessions that introduce students to life at Kepler.

Orientation covers various topics, including academic life, student services, campus rules, student clubs, health and safety, technology training, and an introduction to the campus community.

Yes, orientation is mandatory for all new students. It helps you adjust to campus life and understand the college's expectations and available resources.

You should bring a laptop , a notebook, pen, and any documents required for final registration.

No, there are no additional fees for attending the orientation. It is part of the onboarding process for all new students.

You can contact the Academic Registrar's Office or the Student Affairs team via the Kepler College website

Yes, all sessions are interactive, and there will be opportunities to ask questions and get clarification on any issues you may have.

There is no formal dress code for orientation, but it is recommended that you dress comfortably and appropriately

Orientation activities typically begin at 8:30 AM and end around 4:00 PM. A detailed schedule will be provided on the first day.

Yes, a campus tour is scheduled on one of orientation days to help new students familiarize themselves with the facilities, including classrooms, libraries, and student services.

Parents or guardians do not attend the orientation week , as it was designed for students only

Yes, one of the days is dedicated to academic life, where you will learn about the courses offered, meet faculty members, and get an overview of the programs.

If you are unable to attend orientation, you should inform the Office of the Academic Registrar in advance.

Yes, there will be a session dedicated to financial aid, where students will learn about payment plans, and financial support services available at Kepler.

While the orientation is primarily held in person, Kepler College does not offer virtual sessions for students who cannot attend physically.

Yes, there will be sessions that focus on student well-being, including mental health support, physical health services, and counseling resources available on campus.

You will need a laptop for some of the orientation sessions, especially for setting up your student accounts and accessing internet and online resources.

Yes, one of the sessions is dedicated to introducing students to extracurricular activities, student clubs, and leadership opportunities available at Kepler
